October 10-12, 2023
The Graduate Hotel Minneapolis

Sponsor Overview
Women of Renewable Industries and Sustainable Energy (WRISE) is a national nonprofit with a broad purpose – to change our energy future through the collective power of community. By building community, promoting education, and cultivating leadership, WRISE works to recruit, retain, advance and inspire systemically excluded communities in pursuing a sustainable and equitable future. wrisenergy.org

The WRISE Leadership Forum is a unique experience, combining professional development with tools to advance renewable energy – leadership training, renewable industry education, and networking across wind, solar, storage, and other grid technology industries. Professionals from across the country come to discuss current renewable energy trends and policy issues; all while gaining valuable skills and relationships to enhance their careers and build their companies and organizations.
The WRISE Leadership Forum brings together professionals from across the renewable energy community that are passionate about building a diverse workforce and advancing their careers and organizations. Last year’s virtual forum drew a crowd of over 600 attendees.
